

Dear Gardeners,

We are beginning school tours to new families interested in The Garden.

At this time, we are also beginning our enrollment process for current families to ensure priority for their children, including younger siblings. Existing family priority enrollment for the 2020/2021 school year begins now and runs through Thursday, December 12th, 2019.

To enroll your child for the 2020/2021 school year, please provide us a firm answer as soon as you know whether your child will be returning, and/or if you have a new 'sprout' coming to The Children's Garden next year, along with a \$100 nonrefundable application fee. The \$100 application fee reserves your spot(s).

We will open all unreserved spaces on December 13th, 2019. As you know, the spaces are precious and we want to make sure your child has a space if that is your wish, or invite a new family if your plans take you away from The Garden. The deposit of your June 2020 tuition payment will be due by February 14th, 2020, just before Mid-Winter Break.

Our parents and families are always our very best mode of communication about and promoting our program. We ask that you please share your love of The Garden with your friends and neighbors who have age appropriate children, or alum families with little siblings ready to start preschool, and encourage them to call and schedule a visit. In addition, our onsite Open House will be held January 15, 2020. We will also be participating in the Community Preschool Fair on January 11th from 9 AM – Noon at In the Beginning Preschool up on the Plateau.

Thank you!

Thea Garden Staff
